

Church Legacy Ministries

First Financial Education Centers, LLC, has been providing education to the community **since 1987**.

Our unique approach to **protecting assets while increasing income and reducing taxes** has made our independent estate planning and advisory representatives **highly esteemed** by their thousands of clients. We currently have **68** affiliated offices in 28 states.

First Financial Education Centers has conducted **over 8,500 seminars** supporting the mission of educating people to be good stewards of their money in **spending, saving, investing and estate planning**.

Our offices have provided **more than ten million dollars** in monies that could have been used by our churches and charitable organizations.

With the current economic situation many people are beginning to cut back on expenses...including their charitable giving. Church Legacy Ministries has an opportunity at this moment to change all of this for the better. We have the catalyst that will enable your congregation to significantly help themselves financially and help the Church immediately. This process enables those already charitably inclined to give more with less sacrifice and those wanting to give (but never have) an opportunity to **give in a way they never knew was possible.**

Ultimately the congregation and the Church both are in a better position now and in the future.
